1. EXECUTIVE SUMMARY

Business Overview

CUPIEL Perfumes is a premium fragrance brand operating within the Mul Biotech Farms Ecosystem. We position ourselves as a luxury fragrance experience combining traditional craftsmanship with modern e-commerce accessibility.

Mission

To deliver premium Extrait de Parfum fragrances that embody precision, maturity, and refined taste—making luxury perfume accessible to discerning customers across India.

Vision

Become India's leading premium fragrance brand known for:

- Uncompromising quality through 8-week maturation
- Transparent, artisanal production process
- Customer-centric luxury experience
- Innovation in fragrance development

Key Value Propositions

✓ **Precision Maturation** - 8 weeks vs. industry standard 0-2 weeks

✓ **High Concentration** - Extrait de Parfum (15-40% oils) vs. standard parfum (5-15%)

✓ **Transparency** - Complete process visibility from formulation to delivery

✓ **Made in India** - Local craftsmanship, global quality standards

✓ **Small Batch Production** - Quality over quantity

2. BRAND IDENTITY & POSITIONING

Brand Personality

- **Premium** - Never discount; always invest in quality
- **Artisanal** - Handcrafted, small-batch approach
- **Transparent** - Open about process, ingredients, values
- **Sophisticated** - Elegant, refined, cultured
- **Accessible Luxury** - Premium without exclusivity

Brand Voice & Tone

- **Conversational yet authoritative** - Explain fragrance knowledge without condescension
- **Warm & inviting** - Make customers feel welcomed into the CUIPIEL family
- **Honest & humble** - Celebrate craftsmanship without arrogance
- **Educational** - Guide customers through fragrance choices

7. PRICING STRATEGY

Pricing Philosophy

- **Premium Positioning:** Prices reflect quality, not exclusivity
- **Value-Based:** Higher prices justified by 8-week maturation & high concentration
- **Competitive:** Competitive with international luxury brands but accessible to Indian market
- **Transparent:** Clear justification for pricing (process cost breakdown)

Price Justification Framework

Why CUIEL Costs More:

1. 8-Week Maturation (6-8 weeks longer than standard)

2. Extrait de Parfum Concentration (2-3x higher than standard parfum)
3. Premium Fragrance Oils (40-50% cost difference)
4. Small Batch Production (No bulk manufacturing discounts)
5. Artisanal Packaging (Premium materials, hand-assembly)
6. Quality Control (Every batch visually inspected)

Discount Strategy

When to Discount:

- Launch promotions (First 100 customers: 15% off)
- Seasonal sales (Diwali, New Year: 10-20% off)
- Bundle purchases (Buy 2, get 10% off)
- Loyalty rewards (Every 5th purchase: 15% off)
- Email subscriber exclusive (10% off welcome discount)

What NOT to Discount:

- Never discount more than 25%
 - Premium collections (OG, PHERO) - maintain prestige
 - Newly launched fragrances - maintain premium positioning
-
